Lieutenant Rowland S. Pike, of the

Ocala, being the son of Rev. John M.
Pike, the erudite and eloquent pastor
of the Methodist church in Ocala some
eight years ago.

The Bartow Rapist and Murderer Paid
a Terrible Penalty for His
Horrible Crime

(Tampa Tribune)

Bartow, Fla., May 29.—On the very
spot of his foul crime, Fred Rochelle,
the murderer of Mrs. Rena Taggart,
met a horrible death tonight. In the
presence of a crowd of between 350
and 400 indignant citizens, the black
fiend was burned to death.

Captured Near Town

All night and today, the surround-
ing country has been scoured thor-
oughly by bodies of armed men. Par-
ties to assist in the search came from
each of the nearby towns and settle-
ments. Business has been at a stand-
still, and every able-bodied man en-
gaged in the exciting man-hunt.

The dogs failed to give such service
as was expected of them. They were
unable to follow the trail. While the
majority of the searchers were cover-
ing a radius ten miles away from Bar-
tow, a small band found the fugitive
three miles south of the town.

Hidden in the Woods

Rochelle had decided that it would
be safer to stop and hide in the
woods and wait until the first excite-
ment of the chase had blown over,
when he expected that he would be
able to slip out of the neighborhood
unobserved. When the party of men
rode up on his place of concealment at
4 o'clock this afternoon, he made no
effort at resistance.

"Here I am," he said. "Have mercy
on me."

Couriers were sent in advance, as
fast as their horses could carry them,
to inform the people that the negro
had been captured, and to prepare for
the execution of summary justice.
The news of the capture spread like
wildfire, and people poured into Bar-
tow from all the surrounding country.
The captors rode into town with
their prisoner following, bound to their
horses. A great crowd greeted the
party as it came in, and several at-
tempts were made to kill Rochelle.
The whole populace turned out to wit-
ness the last act in a tragedy which
has stirred this community as it has
never been stirred before.

Selecting the Scene

A council of war was held in town,
as to the means of punishing the ne-
gro, who trembled with fear, as he
was subjected to the taunts and ugly
looks of the citizens. All were in fa-
vor of burning, but there was some
discussion as to the most appropriate
place for the holocaust—some contend-
ing that the courthouse square, the
most public place in town, should be
selected, others favoring the scene of
the crime.

To the River

The latter was at last decided upon,
and the leaders of the execution party
set out with their prisoner for Peace
river, which is about one and a half
miles from Bartow. They were fol-
lowed by a crowd of between three
and four hundred people, of all class-
es. The negroes, however, generally
remained at home, but made no ob-
jections to the work that was about to
be done. In fact, the better class of
negroes has joined in condemning the
crime.

A PROPOSED TENNIS COURT

John P. Galloway, owner of the Mon-
tezuma property, very kindly offers to
give the use of the corner of his prop-
erty, which has just been fenced in, to
the citizens of Ocala, to be used as a
lawn tennis court, provided the citi-
zens will meet the expense of prepar-
ing and equipping same. In addition
to this, Mr. Galloway will keep the
court in order afterwards, mow the
grass, etc. This is an opportunity
that should not be overlooked. The
lot is level and the location central.
In the afternoon the ground will be
shaded by the hotel. A good tennis
court would be a nice addition to the
attractions of the city. Let's have
one.

EXPRESS CO'S. LOSSES

The Refrigerator People Now Han-
dling the Florida Truck
Crop

The Southern Express Company,
which has heretofore had complete
control of and monopolized the ex-
press business of this state, has at last
met its Waterloo and the growers
have freed themselves from its crush-
ing, grasping power and are now re-
joicing over the service rendered
them by the refrigerator companies.
There are now three different lines op-
erating in the state and covering all
the truck producing sections of Flori-
da. The Armour and McArthur Com-
panies are on the Seaboard and the
Swift Company on the Plant System.
G. & G. and East Coast. The latter
company's business has now reached
such proportions that they were forced
to increase their rolling stock and
have just purchased from the Califor-
nia Fruit Transportation Company 800
of their largest and most improved C.
F. T. refrigerator cars, which are now
distributed at all truck points through-
out the state, and as they cover the
largest territory are practically han-
dling the bulk of the Florida truck
crop.

The results obtained from the re-
frigerator service are indeed gratify-
ing to the growers and have surpassed
their most sanguine hopes and expec-
tations and never before have they
been so happy and prosperous, as all
crops thus far marketed have reached
destination in a perfect condition and
commanded prices heretofore un-
known, the refrigerator shipments
always commanding prices fully twice
that of express goods and in some in-
stances many times more. Only a few
days ago the writer was shown sales
of a test case by one of our largest
growers, who in this particular in-
stance was desirous of satisfying him-
self as to results of express and re-
frigerator goods. He had a shipment
of 64 baskets of beans and placed 32
in a refrigerator car for Boston, send-
ing the other 32 baskets by express to
some other market the same day. The
result was he received about \$8 for
the express shipment and \$59 for the
same number by refrigerator. The
rate is 12 cents a package less to all
points, and unless the express com-
pany reduces its present rates, and
grants better service and considera-
tion to its patrons, it will within an-
other year do little or no business
throughout the state. During the last
two weeks there were fourteen refrig-
erator cars, containing more than 8000
baskets of beans, to go from Lowell
and Martin, while several other points
on the Plant System have done
equally as well. They are now han-
dling the cucumber output, as well as
the tomato crop, and have controlled
nearly the entire celery, lettuce and berry
crop of the state, and will within a few
days be moving the cantaloupe crop,
which is the largest ever produced,
and will amount to several hundred
cars. Easterling Bros. have some 300
acres at Lowell and Martin and will
load about 15,000 crates, while Bishop
& Wilder, of Anthony, will also ship a
like amount, and J. B. Malloy will load
several thousand crates from his mill
siding at Sparr. Nearly, if not quite,
all of our largest growers are de-
pendent upon the refrigerator companies
to handle this crop, while a few re-
main loyal to the express service,
among whom we might mention "Far-
mer" Ben Rysor, the big truck plun-
ger of Lowell, who is loud in his
praise and appreciation of the express
service, and alone and unaided is mak-
ing a manly fight for their cause.
